STRIKERS VOTE TO RESUME WORK

Normal Conditions in Munich and Madgeburg

"WATCHFUL WAITING"

Business Life Gradually Returning at Kiel—Berlin Without Newspapers for Several Days.

Washington, March 25.—Dispatches from American representatives at Berlin have been received at the State Department. They carried the outstanding fact that the national assembly was scheduled to meet in the German capital yesterday.

Normal conditions at Munich and Magdeburg were reported. At Hagen and Dusseldorff order was being maintained by civil guards, it was said.

According to the dispatches, both the majority Socialists and the labor unions are urging the resumption of work. At Leipzig, the strike has terminated and the government troops control the city. At Breslau, the strikers voted to resume work on March 22.

Conditions at Berlin have seriously interfered with the publication of the press. Beginning March 19 no newspapers appeared for four days.

Indications are that the administration's policy is for the time being, at least, a "watchful waiting" one. State Department officials deny that Ambassador Wallace had been instructed to interfere in one way or another in the Ruhr Valley situation.

However, American officialdom opposes the giving of money or food or other reconstruction aid to any Soviet Germany. The President through the State Department, is believed to have communicated such a sentiment to President Ebert.

The Nieuwe Rotterdamsche Courant published on March 23, a telegram from Hamburg stating that the strike is diminishing at Kiel and that business life is gradually returning. Noncommissioned officers and men of the navy have demanded that the officers shall not come on board again and that these shall in future be elected by the crews. They threaten that if this is not conceded they will disband the naval formations and return home. This demand, according to the Courant, has been granted in order to retain military organization in any case.

ESKIMOS USE TEETH

Declared By Dr. Friesell to be Equipped With Strongest Molars Known.

Chicago, March 25.—Dr. E. H. Friesell told the Illinois Dental Association at its meeting here yesterday that Eskimos have such powerful teeth they never bother to use a can opener. They merely bit off the top of the can. Dr. Friesell is president elect of the National Dental Association.

For years he has been collecting skulls of all races to study the teeth. He explained teeth could be best examined after death.

"The Eskimos have the best teeth in the world," he said. "They can bite a can open as easily as you would crack a peanut and that is why there are no can-openers or dentists around the Arctic circle.

"The cannibals' teeth are rather larger than the ordinary," the doctor said, "but it does not follow that a homogeneous diet is responsible for large incisors. The cannibals eat other things occasionally, and there are often months between the visit of a missionary."

POTOMAC FISH COMPANY will have on sale tomorrow and balance of week; fresh herring, roe and buck shad, white perch, white lake trout, red fin croakers, catfish Potomac bass, rock, steak halibut and York River oysters. Phone 198, 109 North Royal street, C. H. ZIMMERMAN, Proprietor. 73-2t.

SUFF- BILL IS OFFERED

Ratification Measure Introduced in Delaware Legislature

Dover, Del., March 25.—An uphill fight to enroll Delaware as the thirty-sixth State to ratify the proposed Woman Suffrage Constitutional Amendment was launched formally yesterday by the introduction of a ratification resolution in the State Senate.

The resolution, upon which a vote will not be sought before next Friday, pending public hearings tomorrow at a joint legislative session, was introduced by Senator Walker, Republican, Wilmington.

A suffrage ratification resolution was introduced later in the House by Representative Hart, Democrat suffragist, and was referred to the Revised Statutes Committee.

Suffrage opponents asserted that at yesterday's conference 11 Democrats and 10 Republicans signed the "round robin" pledge to oppose ratification.

SUFFRAGE BILL PASSED

Lincoln, Neb., March 25.—Nebraska women would be given full voting privileges under a constitutional amendment finally passed by the State's constitutional convention in session here.

At present they are prohibited from voting for officers provided for by the Constitution. The suffrage amendment, with other proposed constitutional changes adopted by the convention, will be submitted to the voters for their approval or rejection at a date to be decided upon later.

DEMAND "WET" WALES

Resolution Threatens Action if War Restrictions Prevail

Cardiff, Wales, March 25.—Several thousand persons gathered at Porth, near here Tuesday and listened to attacks by five speakers on "Pussyfootism," according to "The Westminster Gazette. To the sound of the bugle a resolution threatening direct action if the government attempts to continue war-time liquor restrictions was adopted.

One of the principal speakers, a Unionist candidate for Parliament for East Rhondda, said that Lady Astor, who recently made an address in the House of Commons in favor of prohibition, was a "prohibition missionary."

SINN FEINERS DEPORTED

Sixty-Five From Jail Put on Sloop At Queenstown

Queenstown, March 25.—Sixty-five Sinn Fein prisoners, under heavy military escort, were brought by motor lorry from the Cork jail to this city yesterday morning, where they were put aboard a British sloop, which departed, presumably for England. The sloop was accompanied by two destroyers.

The prisoners sang republican songs and returned the farewell of the watching crowds as the vessels left the harbor.

MAY FORCE COMPROMISE

Ebert Government Will make Terms To Prevent Destruction of Ruhr District Mines

The Hague, March 25.—Official circles here are informed that the Ebert government in Berlin considers itself sufficiently strong from a military standpoint to crush the Spartacans in th Ruhr district. It is probable, however, it will compromise because of the fear that the Spartacans, if made desperate, would destroy the mines, crippling the industry of Germany, France and Holland.

FAMOUS HAWAIIAN DIES

Ranch Valued at $6,000,000 to Grandson, Residue to Five Children

San Francisco, Maren 25.—News of the death in Honolulu of Colonel Samuel Parkers, one of the best-known Hawaiians and former Prime Minister of Queen Liliuokalani, was received by cable here yesterday by Robert W. Shingle, territorial representative of Hawaii.

The principal heir of the Parker estate is Richard Smart, a six-year-old great grandchild, now being educated in San Francisco, for whom the famous $6,000,000 Parker ranch of the Hawaiian Islands is being held in trust.

The residue of the estate, valued at millions, will go to five children of Parker now living in Honolulu.

If it is done at Remschel's, it must be done right. 73-tf

THRASHING GIVEN ROBBER BY VICTIM

Negro Who Attacked Lorenzo Wolford Ends Second Best

HE LANDS IN TOILS

When he Cut Mr. Wolford The Latter Knocks Him Down and Kicks Him Out—Given Six Months

Lorenzo Wolford, president of the Old Dominion Glass Company, was attacked while in the office of that company yesterday afternoon by a negro giving the name of Luther Robinson, 19 years old, and cut on the side of the face. According to Mr. Wolford Robinson upon entering the office demanded sixty cents that he claimed was owing him. Robinson, however, never worked at the place and no money was due him and he was told this. Robinson without warning pulled out a long and dangerous looking knife and cut Mr. Wolford on the face. As he did so Mr. Wolford struck him, knocking him down and then kicked him out of the office, leaving him in a dazed condition. In the meantime the police were summoned and before Robinson regained himself he was placed in the patrol by Policemen Smith and Snellings and locked up.

Robinson when arraigned in police court today before Justice L. H. Thompson entered a plea of not guilty. He was sentenced to serve six months in jail, and this will make him eligible to the state convict road force.

Robinson last night made an ineffectual effort to pick the lock at police station. He claims he came here two years ago from Philadelphia and says he has been working here since.

"JUDAS" CALLS POLICE TO COME AND GET HIM

New York, March 25.—"I'm Judas, accessory to the murder of Christ; come and get me," said a voice over the telephone when police Lieutenant File answered the desk phone last night.

"Where are you, Judas?" File asked.

"In Gutkin's Drug Store at Fifty eighth street and Third avenue Brooklyn."

File turned to Corporal Clarence Timony, saying: "There's a leaf ou of the Bible loose up at Gutkin's go get it."

Six men were required in overpowering "Judas," who was taken to a observation ward where he gave his name as David Edwards, a shipyard worker.

TEN COMMANDMENTS FOR SAFETY BRING PRIZE

Ten commandments for safety composed by 11 year old Beulah Garland, took the prize offered by the Cobourg, Ont., Motor Club for the best essay on "How Children May Help to Avoid Motor Accidents." They are:

1. Tho ushalt no tplay upon the street.
2. Thou shalt not cross the street, only at crossing, as there thou hast the right of way.
3. Thou shalt look before crossing the street.
4. Remember, after getting out of a car, thou shalt not cross the street behind a car.
5. Thou shalt not get in or out of a car when it is moving.
6. Thou shalt not interfere with cars as thou mayest put them out of order and cause accidents.
7. Thou shalt not drop nails glass or pins upon the road and cause motorists to have blowouts and perhaps accidents.
8. Thou shalt not light matches near gasoline.
9. Thou shalt keep the motor rules when riding on a bicycle.
10. Thou shalt help old people across the streets.

PLUNGES OVER STEEP BANK

Automobile Strikes Milk Wagon and Then Skids Over Precipice in to Mill Pond

Danville, March 25.—News reached here from Leaksvile, N. C. yesterday morning of a dual tragedy which took place near there on Saturday in which Pete Wilson and Della Thompson, both colored lost their lives. The couple were driving an automobile along the curving embankment leading to the bridge over Matrimony Bridge when the car collided with a milk wagon driven by E. P. Newman. The impact separated the wagon from the horse, rendered Newman unconscious, while the car plunged over the embankment and disappeared in the deep mill pond of King's Mill. The unfortunate couple were pinned under the car and it was necessary to drain the pond before the bodies could be recovered. The machine was found upside down. Newman was thrown twenty five feet on to rocks, but is reported as being better.

FIRE IN WOODS

Threatens Groves Home at Mt. Ida, Arlington County

The colonial residence of Mrs. James S. Groves, Mt. Ida, Arlington county, was threatened by fire yesterday afternoon which swept over an area of several acres of woods just north of the residence. Aid was asked of this city and Chief Ogden accompanied by a chemical engine went to the place and helped subdue the blaze. Several outbuildings on the Groves property were damaged.

MARINE ACTIVITIES

Will be Shown Tonight at Richmond And Ingomar Theatres

Did you ever get a good look at a bunch of United States Marines in training action, at work and at play? If not, you will be able to catch a brief glimpse of them at both the Richmond and Ingomar Theatres tonight.

This is worth seeing. It shows what kind of a life they have, how they are prepared, equipped, and the benefits offered by the service to young men of proper age. Further information can be had at 605 King street, from Sergeant Bruce, in charge of marine recruiting in this city.

RIOTS IN LISBON STREETS

Bomb Thrown and Police Scatter Crowds; 130 Arrested

Madrid, March 25.—Details of disturbances at Lisbon, Saturday have been received here.

At a meeting of men employed in the building trades, a resolution was adopted in favor of a "revolutionary general strike." Immediately following street fighting took place and 130 persons were arrested. During the melee there were shouts of "Long live Red Russia!" but the crowd was scattered when mounted guards arrived on the scene. Soon after the guards arrived a small bomb was thrown which slightly injured several persons. The police drew a line across the street and permitted no one to pass or stand at windows. Those attempting to disobey this order were fired upon, and it required only a few minutes to clear the surrounding territory.

REV. DR. JONES CLEARED

No Charges Against Elkton "Marrying Parson" At Wilmington.

Wilmington, Del., March 25.—The character of the Rev. Dr. George P. Jones, of Elkton, was passed without challenge or comment yesterday at the opening session of the Wilmington Methodist Episcopal Conference, in Grace Church here. No defense was necessary because no charges were made or intimated.

For five years Dr. Jones has been pastor of the church at Elkton, and it is said to have performed fully half of the marriage ceremonies at this Maryland Gretna Green in that period There has been criticism of his matrimonial activities in Elkton, but none in the Methodist Conference. The chief source of the criticism is believed by Dr. Jones' fellow-ministers to be jealously of a minister's earning an honest dollar in addition to his salary. Dr. Jones, perhaps, earns about $5,000 a year by marriages it is said.

HELD NOT GUILTY OF THE CHARGE

Mike Welch Freed of Violating Prohibition Law

NOLLE PROSSE 4 CASES

Attorneys For Two Men Convicted May Take Case to Court of Appeals Before U. S. Court Here

A jury in the corporation court yesterday afternoon returned a verdict of not guilty in the case of Mike Welch, charged with violating the prohibition law. On motion of Commonwealth's Attorney Howard W Smith a nolle prosse was entered in the cases of four other men also charged with violating the prohibition law.

These men were taken in custody Sunday, March 7 in a raid made by the police in an apartment at 417 Wilkes street where a still was found in operation.

Out of the six men captured a conviction was secured in two cases, the men sentenced being George Miller and Peter Rozick, who were fined $300 and given thirty days in jail each. Attorneys Edmund Burke and Carl Budwesky may take the case of the two men to the state court of appeals on the ground that the eighteenth amendment superseded all state law dealing with the liquor traffic or may taken a decision on the question by the higher court.

The men whose cases were nolle prossed are Mike Shire, Nick Bieski, Frank Millich and John Chepc

In the event the case is not taken to the state court of appeals it is expected that application will be made for a writ of habeas corpus and the case carried before the United States Court of the eastern district of Virginia for trial in this city.

ROBBER BACK TO JAIL

Judge Warns Poetic Bandit on His Way

New York, March 25.—The alleged "rhyming robber," James Smith, who is said to have quoted poetry to a druggist while he rifled the cash register, was given poetic justice yesterday when Magistrate William A. Sweetzer pronounced the following lyric judgment:

I hold you in five thousand bail,
Which means you go right back to jail
But before you go just let me say—
This hold-up game—it doesn't pay.

In this poetic disposition of his case the prisoner promptly responded:

It's all right, judge, I'm on my way.
Your verdict means I'm going away.
L'Envoi.

And the Magistrate replied:

You said it boy; be on your way.

INCOME TAX TAKEN OVER $900,000,000

Collections of income and excess profits taxes from January 1, 1920 to March 20, 1920, amount to $908,829,172.13, according to reports received by the Bureau of Internal Revenue from collectors.

New York headed the list of State contributors, with $214,644,234.31 while New Mexico tagged along last, with $294,766.68, and was the only state to pay less than $1,000,000. Illinois came in second, with $83,274,673.26.

TO FIGHT H. C. L.

Spain's King, France's President and High Society Join in Crusade

Paris, March 25.—Members of the Jockey Club, most exclusive of its kind in Europe, in the war on H. C. L., resolved last night to boycott taxicabs, owing to the extraordinary increase in taxi rates. Any member infringing on this "covenant" will be fined $20.

France means to beat down prices. The movement embracing all classes has spread to the highest society circlues, whose members are rushing to join the Economy League and offset by stubborn boycotts, the ever growing cost of living.

King Alphonso, of Spain, is the first royal member of the new League for the Repression of Extravagance. Thoroughly approving of the action,, Maurice Rothschild, Edmond de Blanc, and other fashionable Parisiens in appearing at the Auteil race course in shabby old suits, to show they have joined the war on the profiteers, the King has dropped stiff shirts and collars, and wears only inexpensive sport shirts with soft, durable collars, and soft cuffs.

Paris Beau Brummels have been quick to follow this example and leading haberdasheries are filling their windows with tennis togs. Some male leaders of Paris society are already appearing in the streets cut like "rah-rah" undergraduates.

President Deschanel is personally encouraging the economy movement directed not only against the profiteers, but as a move to re-establish France's financial stability. The President discarding the time-honored dress suit, now wears a rough tweed suit and a gray, soft hat, when traveling. Mme. Deschanel, recognized leader of French society and arbiter of women's fashions, wears golf suit when ever possible, and has declared for rigid economy in the home.

KILLED BY DEBRIS

Timbered Passage Way in Front of Buildings Gives Way and Many Are Injured

New York, March 25.—One man was killed and half a dozen persons were injured late yesterday evening when a timbered passage way in front of a building being remodeled on Forty ninth street gave way, and a mass of bricks and debris poured into the street. A number of persons passing under the passageway at the time were trapped, and the dead man, Charles P. Metzeroth, an employe, of the New York Telephone Company, was killed outright.

Most of the injured suffered from broken limbs and lacerations.

DECLINE OF THE FRANC

Paris Notes Advance in British Sterling and German Mark, Despite Disorders

Paris, March 25.—Sharp declines in the value of the franc as compared with the American dollar and the British pound sterling Tuesday, while the German mark, despite disorders in the Ruhr district, made appreciable gains have provoked discussions of the exchange situation and a renewal of talk of rigid restrictions on importations as a measure to check the depreciation of the franc.

Financial authorities are of the opinion that restrictions afford the only immediate remedy and predict an early prohibition of importation of all luxuries and articles which might be described as superfluous.

20 PER CENT DROP IN SHOE PRICES DUE TO VERMONT PL

Burlington, Vt., March 25.—Retail prices of shoes have taken a 20 per cent drop and other necessaries of life have decreased since Federal and State authorities began an investigation in Vermont, it was learned here.

Investigators found some dealer had been profiteering 100 per cent or more on clothing and shoes.

WILSON IN ALEXANDRIA

President Wilson resumed his automobile visits to Alexandria yesterday.

On this ride, the first to take him over the District of Columbia line for a long time, he was accompanied by Mrs. Wilson, Dr. Cary T. Grayson and the latter's little son, Walter, with whom Mr. Wilson chatted. The party left the White House at 10 o'clock and returned at noon.

Up to about a year or more ago, the President made frequent visits to Alexandria, passing through our city in an automobile for a short spin across Hunting creek bridge to points in southern Fairfax county.

He was hailed with delight yesterday as he was being whisked through Alexandria, and now that his normal health is returning his visits are likely to become as numerous as formerly.

THE PALE HORSE OF DEATH

"No matetr how many treaties are signed or not signed world peace will remain unestablished until central Europe and the Near East are thoroughly cleansed and disinfected," said Henry P. Davison, New York banker and head of the American Red Cross in Paris yesterday.

"Ninety-nine per cent of the peoples of the world do not care an iota about the signature or ratification of treaties," said Mr. Davison, "but care immensely for their safety from the scourges now sweeping eastern Europe and Asia, and which constitute the mightiest danger to all humanity since the deluge. "More people are daily dying now than during the war. "Whole populations are being wiped out. The germs pass from one country to another, owing to the lack of sanitary devices.

"America is just as unsafe as Europe from typhus and the white plague now spreading over the world with lightning rapidity."

THE GOMPERIAN ERA

The fourteen points of the political program of Samuel Gompers not only make a formidable array, but in one respect are superior to their prototype says the New York Tribune. "They are, in the main, specific and understandable. Their details do not fade away into a fog of vagueness no eye can penetrate.

Gompers would have open income taxes openly arrived at; Federal licensing of all corporations; government loans at low rates for home builders; a graduated tax on all usable lands above the acreage used by the owner; higher income, inheritance and land taxes; Federal subsidies for education, with teachers permitted to organize; rigid public control of business credits; public ownership and operation of all public and semi-public utilities, including docks and merchant marine; government development of all unused water powers; a constitutional amendment under which laws passed by Congress or legislatures when nullified a second time if repassed; no troops for service during industrial disputes, and, finally, making it a felony for any employer to hamper the organization of a labor union or to oppose its striking.

"During the Gomperian era it would be requisite for all to have union cards, and when every one had one, the millenium would be in evidence."

RAPS RENT PROFITEERS
(Communicated)

Dear Mr. Editor:

In an editorial in last night's issue of your paper, on Mr. Gompers political movement, I notice you made a statement that while the American soldiers were in France fighting for Democracy and liberty many of the labor classes were at home fighting for the highest wages they could get, but Mr. Editor you forgot to mention the fact that the capitalists were robbing the government and the public, and making enormous profits on all material badly needed for an honorable ter-mination of the horrible war.

The income tax returns and the reports of the federal trade commission will bear me out on this charge But let us get down to our fair and beloved city, the profiteers were numerous, in many instances, as you know, the rents jumped from fifteen and eighteen to thirty five and forty five and many cases as high as sixty and seventy dollars per month.

So labor will not take all the blame and criticisms for the present unrest and dissatisfaction that prevails in our free and noble land.

SHOT SON TO RECLAIM HIM

So Says Aged Father of Chicago Lad, Now in Hospital

Chicago, March 25.—Frank Pinano, Jr., yesterday is at the county hospital with three bullet wounds in his body. Frank Pinano, Sr., is held at a police station, where it was said a murder charge would be placed if the 18 year old boy died.

"I shot him to save his soul," the aged man is said to have told the police. "I would rather kill him myself than have teh police do it. For months I have been worried every time I heard of a 'stick-up,' for fear my son had been killed. I tried to get him to buckle down, but he would not do it."

Frank, Jr., according to the court records, slipped into a near crime record when he was 14 years old. Two years later he had become a recognized gangster, and repeatedly was arrested.

Tuesday night, the father said he determined to make a final effort to reclaim his boy. Encountered with friends at a street corner, the youth walked away to escape "being bawled out by this goody goody old man," and the father fired five times. Three bullets took effect.

DIES IN BARBER SHOP

Representative Browning, of New Jersey Stricken While Being Shaved

Washington, March 25.—Stricken with heart failure while in the barber's chair in the House barber shop at the Capitol, Representative William L. Browning, of New Jersey, died yesterday morning before a physician could be summoned.

Overwork in connection with the naval appropriations bill is said by his colleagues on the Naval Affairs Committee to have brought on the attack.

Born in Camden, April 11, 1850 Browning had been for a long time in public life. He was clerk of the House from 1895 to 1911, when he was elected to a seat. He had served continuously since.

SHACKLED IN JEST

Cumberland, Md., March 25.—John Keister had an unusual experience at Romney, Tuesday, when a companion snapped a pair of handcuffs on him in fun, not knowing that no key was available.

In a short time Keister's wrists began to swell.

Boyd Line, a steel worker at the Farmers' Exchange Mill, was sought to remove the shackles. Line thought Keister was under arrest and refused to remove the "bracelets." Before he would file the cuffs off, Keister had to produce witnesses and sign a declaration that he was not a criminal or an escaped prisoner.

16,000 FREEZE TO DEATH

Bodies of Antibelshevik Troops Are Found on the Steppes

London, March 25.—More than 16,000 antibolshevik soldiers have been found frozen to death on the steppes it is announced in a soviet military communique received from Moscow by wireless. (The steppes comprise the plains in southeastern Russia and the western Asiatic provinces.)

The statement reports progress by the red troops against Gen. Denikine's forces along the railway in the Ekaterinodar region on the Caucasus front.

STRIKE EXPECTED

London, March 25.—A strike of the miners is regarded last night as almost inevitable, as Premier Lloyd George has refused to negotiate further with the Miners' Federation. The miners' conference is expected to order a ballot today, which will occupy until Easter, and then a week's notice must be given before the strike can begin.

The government's offer of 20 per cent is, roughly, two-thirds of the miners' demand. There is talk of the "Triple Alliance," which includes the transport workers and railwaymen taking a hand in the dispute.

STRIKE IN SPAIN

Workers Demand Higher Pay; Government Seeks to Bring About a Parley

Madrid, March 25.—A general strike on the railroads of Spain, affecting every line in the country, went into effect at noon Tuesday. The Cabinet ministers have called into service the railroad regiments, however, and with the assistance of numbers of voluntary workers from other departments hope to be able to maintain the full schedule of mail and express trains in every direction.

In the neighborhood of Madrid the terminals generally presented a deserted appearance, but the offices of the railway companies were besieged by dissappointed passengers who had hoped to depart for the provinces.

King Alfonso returned to Madrid early in the forenoon, missing the strike on the line from France by only a few hours. Up to the present no disorders have been reported, but many precautions have been taken in the vicinity of the stations and tracks.

During the afternoon the efforts of the government to continue the running of the principal trains encountered serious difficulties, owing to the defection of the signal men and switchmen.

The cabinet ministers are making efforts to reach an agreement with the railway men, and are bringing strong pressure on the companies for the purpose of getting them to concede the demands of the workers.

The strike follows the demand of the railway men for increased wages and better working conditions.

That Ominous Sound

Simple sounds become fearful noises in the night-time. The creaking of a floor board—the crash of breaking glass—or the slam of a door jolts you out of deep sleep. Darkness magnifies the noise. You're at a loss to place it. You must investigate.

Reach for your Daylo as you hop out of bed. Its ready beam of strong light helps you to locate the cause of the noise quickly, and is a friendly protector while you're searching.

How Many Uses for DAYLO in the Home?

DOWN cellar, up in the attic, in the dark closet, in the pantry cupboard—everywhere about the house—a Daylo is needed to push its strong beam of light into dim corners.

Have a Daylo always handy—on the kitchen shelf, on the hall table, by your bedside—where you can reach it instantly. The more conveniently handy you keep it the more useful it will be.

This is DAYLO Battery Week

Get out your idle "flashlight" now. Bring your old battery or "flashlight" to us and let us give you the correct size new Eveready Tungsten Battery to put your light on the job.

WAR ON SILK STOCKINGS

Campaign Also Under Way to Eliminate Peek-a-Boo Waists in Schools

Chicago, March 25.—Peek-a-Boo waists and silk stockings in the high school are to go.

The Illinois Congress of Mothers mused over the fact that "the moral conditions in the schools in the United States are very bad" has started war on silk clad ankles, high-heeled slippers, filmy waists and low cut and short dresses. "Unless parents cooperate with their children to change things, there will be horrible results," said one of the members of the organization today.

"I had a boy confess to me that it was impossible to study as long as some girls sat in front of him with an exceedingly thin waist, while I am sure that a young teacher's mind would be distracted by the appearance beneath a desk of a silk clad ankle."

And so Chicago parents will band themselves together into a league to suppress improper clothing in high schools.

U. S. REAFFIRMS STAND

Colby's First Note Will Restate Demand for Expulsion of Turks From Europe

Washington, March 25.—The original position of the American government that the Turks should be expelled from Europe is restated in a note to the Allied Supreme Council which has been prepared at the State Department and which will be transmitted soon. The note will bear the signature of Bainbridge Colby, the new Secretary of State, and will be the first diplomatic paper to be signed by him.

The communication is in reply to an inquiry from the French and British governments as to this country's views on the Turkish settlement.

OPPOSE MILITARY ACTION

Washington, March 25.—The United States is understood to have decided to join with Great Britain and Italy in opposing any military action by Allied governments to force preservation of order in the Ruhr Valley where the Ebert government is confronted with a revolutionary movement.

Ambassador Wallace at Paris, it was said yesterday had been informed of this government's position.

Secretary Baker said no report as to the presence of German troops in the neutral zone on the right bank of the Rhine River had been communicated to the War Department by Major General Allen, commanding the American forces in Germany.

NO CUTS EXPECTED

No reductions are expected in the force of the Washington Navy Yard, despite lack of appropriations for naavl vessels after July 1.

The Washington yard is largley an ordnance shop, it was pointed out at the Navy Department, and will not be affected by reductions in work on vessels. The House Naval Affairs Committee recently slashed the estimates of the department.

SALARIES OF LABOR LEADERS

A successor to Allan E. Barker as president of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers will be chosen at a special convention of the organization executives next Monday. It has became known that Barker had resigned his $14,000 a year job Saturday, saying he needed a rest and had determined that he was through working for unions.

The Secretary of State receives two thousand dollars a year less than that which has been paid Barker.

Many Spies in Dublin

London, March 25.—The recent seizure of Dublin Castle mail bags, says an Evening News dispatch from Belfast, has disclosed the fact that the Republican army rangs are honeycombed with spies to whom are attributed some of the recent Irish tragedies. The newspaper adds there were further transfers of large bodies of the Irish constabulary today from the North of Ireland to the South.

Mexican Troops Capture Portion of Band Which Raided Los Torres Mine in February

Argua Prieta, Sonora, Mexico March 25.—Six members of bandit gang which is said to have raided the Los Torres mine in February have been captured and executed near the scene of the crime by a troop of Mexican cavalrymen from a lower Chihuahua garrison, according to an announcement made here by military officials.

MILLIONS IN U. S. OWN RAILROADS

Wage Earners Directly and Indirectly Affected by Roads' Solvency.

DIVISION OF SECURITIES.

Mutual Savings Banks Owned Entirely by Depositors Hold Large Amount of Railway Bonds.

Millions of thrifty Americans who have laid aside something for a "rainy day" are directly or indirectly owners of railroad securities. This ownership represents not only individual investment in the railroads, but holdings of railroad securities by life insurance companies, savings banks, fire and marine insurance companies, benevolent associations, educational institutions, trust companies and State and National banks. A large part of the assets of these institutions depend on the solvency of the railroads.

The ownership of railroad securities among these people is divided approximately as follows:

Individuals, numbering over 1,000,000, own outright about $10,000,000,000 in railroad securities. Over 4,000,000 are stockholders with an average holding of $13,956.

Life insurance companies, with 53,000,000 policies in force, own nearly $2,000,000,000 of railway securities.

Savings banks, with 10,000,000 depositors, own $2,000,000,000.

Fire and marine insurance companies, casualty and surety companies own a total of $649,000,000.

Benevolent associations, colleges, schools, charitable institutions, etc., own $350,000,000.

Trust companies, State and National banks own $865,000,000.

According to statistics compiled for the Association of Life Insurance Presidents in 1918, 27.65 per cent of life insurance companies' assets were invested in railroad bonds, and during the first half of 1919 the percentage of railroad bonds held by the life insurance companies was 26.25 of the total assets of these companies.

Interest of Wage Earners.

In addition to this widespread ownership of equities of American railroads, by the people of the United States, every wage earner who puts money into the savings bank has a direct interest in the soundness of railroad investment on account of the large part of the savings of men and women wage earners secured by the railroad bonds which are bought by the savings banks.

A great many of these institutions are mutual savings banks which have no capital stock, pay no dividends, earn no profits for stockholders, and their entire property belongs to the depositors. Every dollar that the bank earns beyond the actual cost of doing business also belongs to them.

The report of the United States Comptroller of the Currency for 1918 shows that 625 of these savings banks operated on the mutual plan had at the end of 1918 total deposits of $4,422,006,393.15 credited to 9,011,464 depositors, an average deposit of $490.72. These figures covered mutual savings banks in 18 states of the Union.

The Comptroller's report gives the amount of railroad bonds held by mutual savings banks in the six New England states—Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut—as $406,272,166. The report of the State Superintendent of Banks of New York shows that the railroad bonds held by the mutual savings banks at the end of 1918 in New York amounted to $361,711,334.

INCREASED WAGES TOOK 97% OF INCREASED RATES.

Increases in freight and passenger rates made during federal control amounted to $1,835,000,000 when applied to the traffic moved up to July 31, 1919, while the increases in wages applied to the number of employees and the hours or days worked in July, 1919, amounted to $1,774,800,000, or 97 per cent of the revenue from the increased rates, according to a statement compiled by the Interstate Commerce Commission at the request of Senator E. D. Smith of South Carolina and presented by him in the senate on December 29.

New York, March 25.—The speculative structure erected over the stock market a few weeks ago, largely as a result of the Supreme Court decision exempting stock dividends from the income tax, evaporated into thin air today, after having given early promise of attaining greater heights.

Favorite issues, especially those dominated by pools and other professional interests, reached five to almost forty-five points from maximum quotations of the morning, the market closing in geratt disorder, with call money at 14 per cent.

The sudden advance in demand loans which opened at the recent fixed rate of 7 per cent was accompanied by circumstancial rumors that lenders of money were being urged by the Federal reserve bank to put the brakes on further speculation.

General Motors was the outstanding feature of today's wild session, as it has been almost every day since the recovery of the past fortnight. In the morning that issue rose ten and on half points to the new maximum 410, the shorts being the chief sufferers.

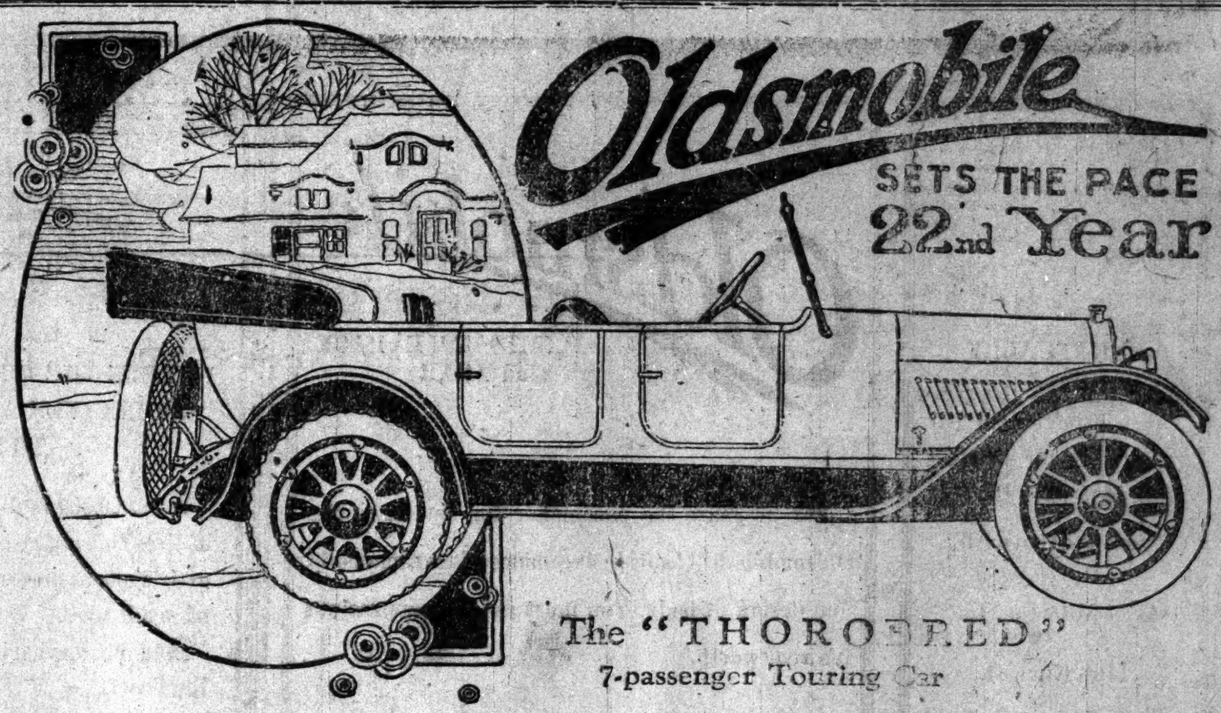
ALLEN BROS.

1301 KING STREET COR. WOLFE AND FAIRFAX STS.



THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours,"

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

A MODEST SIX ROOM COTTAGE

DESIGNED BY CHAS. S. SEDGWICK, ARCHITECT

THIS little cottage is 20 ft. wide and 26 ft. 6 in. deep, exclusive of porches, and will fit well on a narrow lot. It is an economical home for a small family. It is of frame construction with stucco exterior above the first story window sills, below the sills wide drop siding is used to grade line. There is a concrete foundation with full basement. The estimated cost is $4,000 to $5,000, exclusive of heating and plumbing and doubtless in many localities it can be built for much less.

There is a liberal open piazza screened across the front and in the rear an inclosed porch with storage closet and space for refrigerator. The main living room across the front is 13 ft. long and 11 ft. wide. There is a liberal coat closet at the right side. The main stairs extend up with platforms on the right side between living room and kitchen and the basement stairs with grade entrance below. There is one central chimney for heater in basement and for kitchen and laundry. The finish is oak in the two principal rooms with oak floor and all other finish in rear part and in second story is Washington fir stained. The second story floor is of birch.

There are three good chambers and plenty of good sized clothes closets. There is space used for storage in attic. Opening out of bath room in rear is a convenient balcony for airing bedding, etc. The outside shingles on roofs are to be stained with creosote and all the outside trimmings, cornices, casings, etc., painted a light cream color or white. The rafters show on the underside and are also painted white.

Dean of the Wharton School of Finance on the Need of Good Railroad Credit.

TO MAKE INVESTMENT SAFE.

National Authority on Railroad Transportation Says Roads Must Be Self-Supporting or Become Bankrupt.

In an address on "The Railroad Puzzle," delivered in Philadelphia, January 3, Dr. Emory R. Johnson, dean of the Wharton School of Finance, and one of the nation's leading authorities on railroad transportation, declared that "after the first of March the companies must be self-supporting or become bankrupt." Continuing, he said:

"Can the railroads be successfully financed and operated when they are returned to their owners? For two years the government has drawn upon the public treasury to sustain the credit of carriers.

"If the carriers avoid failure their income must cover operating expenses, maintenance and capital charges; if the companies succeed to the extent that is demanded in public interest, they must not only be able to meet unavoidable expenses, they must have some surplus revenue.

"If there is no income to be used in part for betterments and in part for building up a surplus or reserve fund, the public will not invest in the railroads, their credit cannot be re-established and maintained and corporate ownership and operation of the railways will fail.

"The income of the carriers is determined by public regulation, and properly so; but from this it follows that the country must decide between a policy of adequate revenues to the railroad corporations of the future and a policy of government ownership.

"The government is entitled to credit for having given greater unity to railroad operation, both line and terminal. It has done much that the carriers were prohibited from doing. The public now realize that co-operation of the carriers in the joint use of equipment and terminals should be encouraged, instead of prevented.

VIRGINIA NEWS

Citizens of Fairfax county, Providence district, have subscribed $10,000 for the improvement of a road between Langley and Elkins on the Georgetown Leesburg pike. The Washington, Great Falls and Dranesville Highway Company, Inc., has been organized to do the work. A mass meeting will be held within a short time at Dranesville to interest the community in the project.

Two hundred clerks, callers and car checkers employed by the Norfolk and Western Railway Company in the west end yards of Roanoke, went on strike last night and say they will stay on strike until W. T. Divers and Amos Headley are discharged by the company. Unless action is taken today, they state, 3,000 additional men will go on sympathy strike.

Harrisonburg is making preparations for the first unit of an immense silk factory, the building, it is understood, promising to be one of the largest of its kind in the United States. The plant is to be established by the Stehli Silk Corporation of New York. The principal offices of the company are located in New York, with branch offices in High Point, N. C., and Lancaster, Pa.

With impressive ceremonies and in the presence of hundreds of clergymen and friends, the Rev. Dr. Robert Carter Jett, Episcopal minister, yesterday was elevated to the rank of bishop of the newly created diocese of Southwestern Virginia. The consecration services were held in historic Trinity Church, Staunton, and crowds of people who could not be accommodated in the large building stood outside to watch the opening procession of vested choir, laymen clergymen, and bishops from the parish house to the church, where 1,200 people were assembled to witness the ceremonies. The combined choirs of Trinity and Emmanuel churches, assisted by other local vocalists, led the procession which opened the services.

"STUDENT SOVIET"

Throws Professor in Lake,—Girls Who Refused to Obey Orders Ducked

Hays, Kan., March 25.—When members of the faculty failed to work on a runnning track at Fort Hays Normal School, members of the student body posted a bulletin announcing that they would be ducked in a lake on the campus and carried out their threat.

W. A. Lewis, president of the school, has been out of the State for two days, and during that time a "student soviet" has been in control of affairs at the institution.

Before leaving, President Lewis suggested a half holiday to work on the track. Men students were to do the work and women to carry water and provide a meal afterward. A young woman suggested, in fun, that girls who would not work should be ducked. The suggestion was taken up eagerly, and acted upon. Two persons have been nearly drowned in the campus lake as a result and students had to jump in to rescue Prof. James Start.

John Lindquist, editor of the college paper, and a member of the school debating team, was found working on his debate in the school library, dragged to the lake and thrown into water over his head. He could not swim.

Professor Start, who also was ducked, is a bridegroom. His house was patrolled by students all day yesterday, and finally he took his bride to a hotel, which also was picketed by the students. As he started for his classes yesterday morning, Professor Start was captured and carried to the lake, where he was thrown into the water.

"TRUTH UNADORNED"

San Francisco, March 25.—A very pretty young woman wandered from her room early yesterday at the Porter Hotel out into the street and into the lobby of the Yuba Hotel, a block and a half away.

Ordinarily this would have been unimportant, but this woman wore no clothes.

The clerk protested.

"That's all right," she replied, "I'm Truth, and Truth should be unadorned."

The clerk telephoned Charles Simpson, steward at Central Emergency Hospital. Simpson came to the rescue with a blanket.

"Truth," fought efforts to blanket her, saying it was a sin to conceal truth, but Simpson was firm.

The girl was held for observation, less intense but more official than this morning, "Truth" was the only name she gave.

OH MY STOMACH

"I had stomach trouble so badly that nothing I ate would digest as it should," said Sadie E. Hamilton, Portland, Me., as she began a remarkable story of the relief she has secured from Argo-Phosphate, the new reconstructive, stomach tonic and system purifier.

"Everything that I ate would lie in my stomach like a lump," she explained. "Gas would form and I would suffer distress all the time. I got so I could hardly keep anything down. Trying to get relief, I had my stomach pumped out, but even this did not help me as I continued just as bad.

"I kept hearing so much about Argo-Phosphate that I thought maybe it might help me and I decided to try it. I have taken two bottles and to my surprise I am already feeling fine. I can eat anything and I am not troubled at all.

"I am completely rid of my old stomach trouble that I had for three years. I have not felt so well for years and I am certainly glad to endorse Argo-Phosphate because I want others to be helped by this wonderful medicine."

"The spirit of wanting to help others in what makes suffering men and women give these splendid public endorsement of Argo-Phosphate," said a local druggist.
